

Jupiter Transit in Cancer

Record Date: 06/19/2025

Jupiter transit has entered Cancer and will remain in Cancer for a year.
My natal chart is on the inner ring.
My natal Jupiter is in 3rd house Virgo.
My transit Jupiter is 12th house Cancer.
12th house is the house of mysticism, endings, subconsciousness, where now is probably a good time for me to identify habits that are no longer serving me, patterns that I can release in that way, especially when Jupiter crosses my ascendant and enters my 1st house.

The house where self definition, self development, those will be the times when I can create new habits in my home life.

Cancer is known for the home life and private life of the individual.

Also take notice how Mars has recently entered Virgo, it'll be there for month, month and a half, not sure how long, but my natal Mars is also in Virgo.

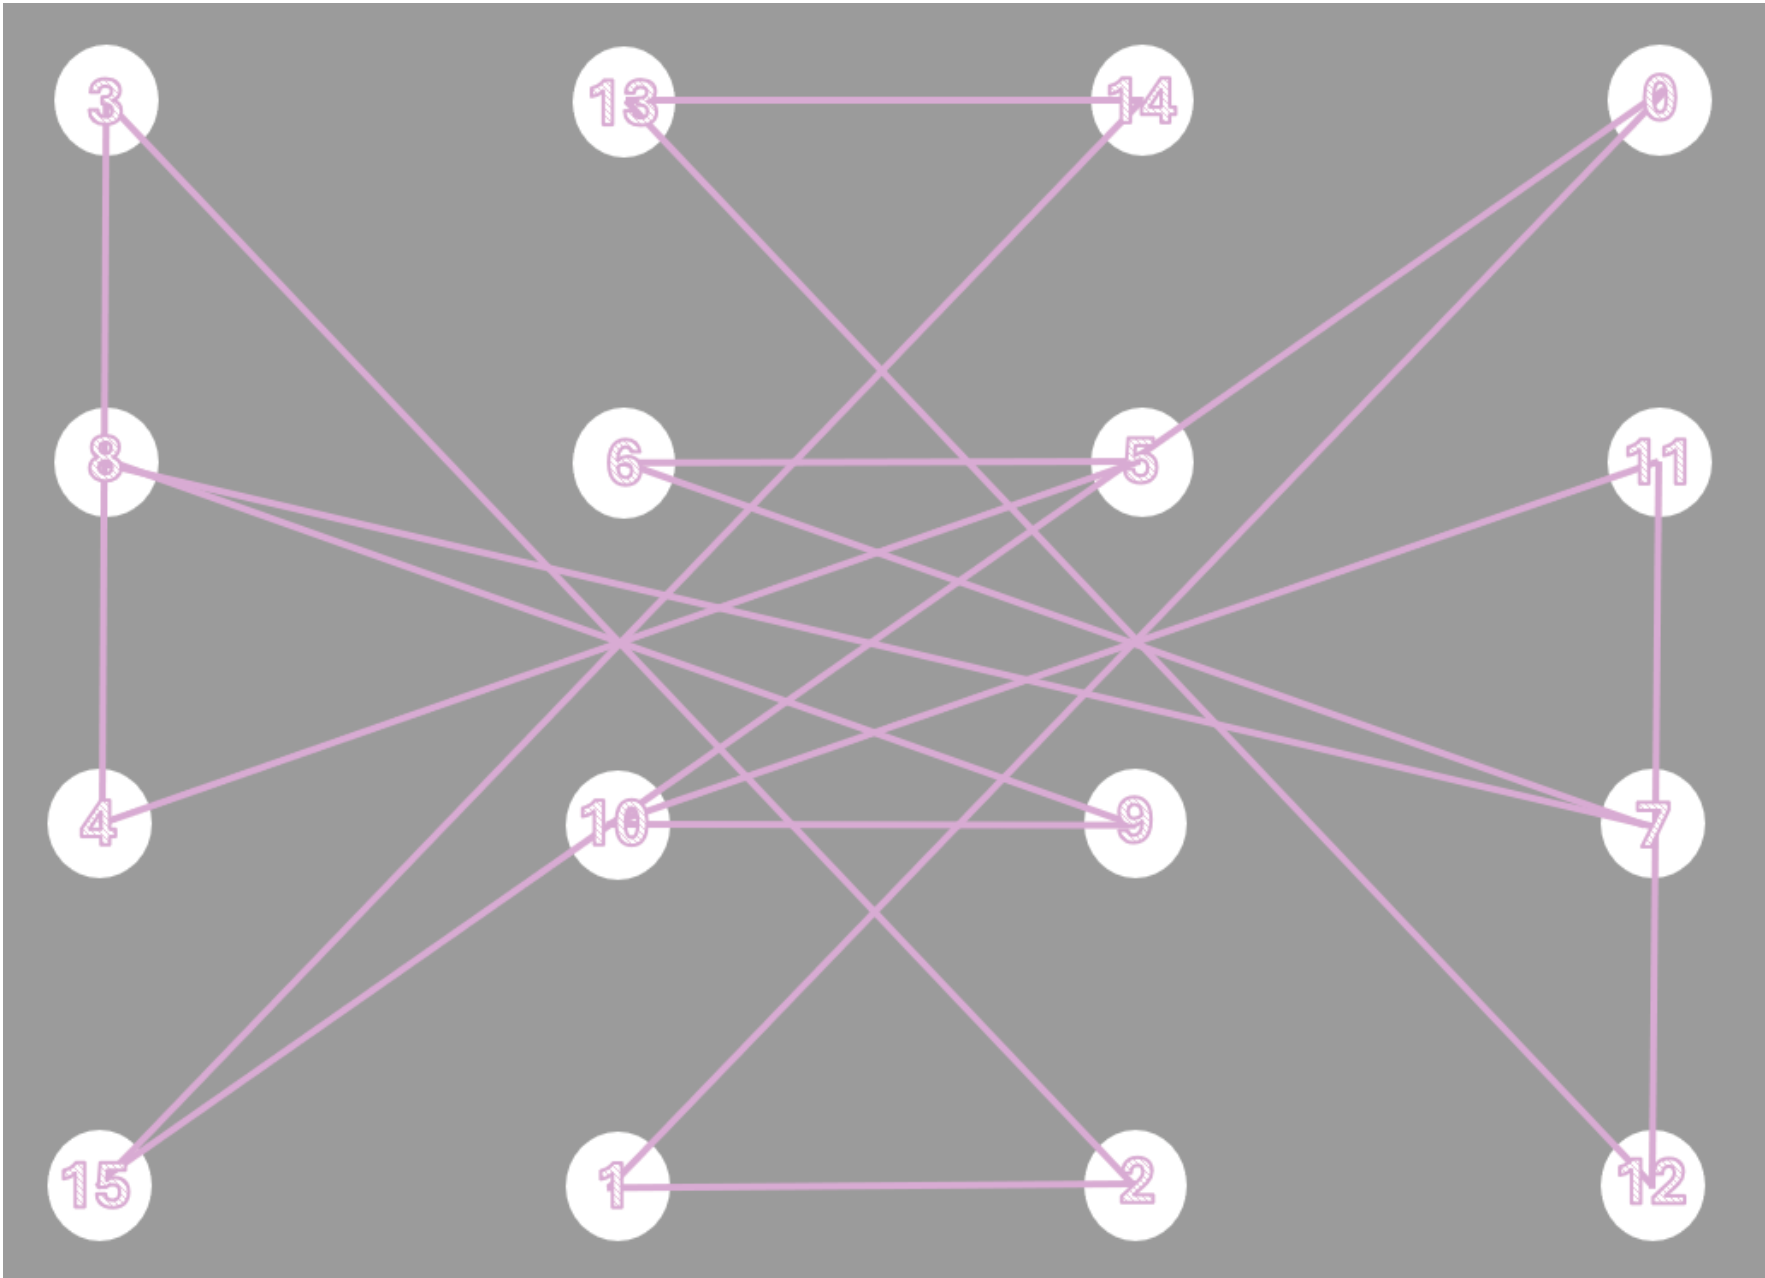

This is something that I can really use to hone in on, or focusing on what I want to accomplish in a creative expression, or again, patterns that I can replace.

Recently, I began exercising in the morning on a daily basis.

This is actually feeling very easy compared to other times in my life and I have to wonder if it's because of my Mars and Jupiter transit.

But the video that I'm making today is not so much about my natal chart.

I want to talk about what I call the Jupiter Magical Square.

We have 16 Tarot cards.

All of us, right now, let our subconsciousness take a snapshot, just by analyzing, focusing, because our subconsciousness already knows the symbols.

Our subconscious knows the meanings of the Tarot Keys even though our self conscious awareness may not know.

I have been studying Tarot for many years, so I can quickly analyze a Tarot Key and know the meaning behind the symbol, but when I began studying Tarot, it wasn't that way.

I actually had to train my mind and let my subconscious know that I was serious about understanding Tarot and then I was able to extract the symbols from the Tarot Keys.

Notice how there is no sequential number pattern, 3, 13, 14, 0 in the top row, and I'm going to explain why, because the Jupiter magic square is a very powerful sigil that we can use to meditate on while Jupiter is transiting Cancer.

I removed the Tarot Keys and drew out the sigil with purple lines.

Purple and violet is normally the color for Jupiter.

It is also the color of Key 10 and with Tarot, which is the Wheel of Fortune is assigned Jupiter.

Here again, take a snapshot.

Focus on this image for good 30 seconds.

Really analyze it to the best of our ability.

Try to notice the little patterns.

I have replaced the Tarot Keys with the Tarot Key numbers and Key 0 was in the top right hand corner.

Now there is a zero.

Key 14 was next to it and there is 14.

This makes it easier for the pattern that I'm about to draw out.

I recommend doing this individually because it is way more powerful when we actually take action on drawing out the sigil.

We will begin at Key 0 and we are going to draw all the way down to key 15 and then we are going to go all the way back to 1.

Key 14, Key 13, Key 12, Key 11, Key 10, Key 9, Key 8, Key 7, Key 6, Key 5, Key 4, Key 3, Key 2, Key 1, and back to Key 0.

It's fairly simple once we know how to draw out the pattern of 0 to 15, all the way back to 1, one to zero.

That is how to draw the pattern, but what about numerical patterns?

From 0 to 15, we can notice that 5 and 10 are in the middle.

5 plus 10 equals 15.

This balances out the sigil from Key 0 to the last Key of Key 15, 5 and 10.

There's another pattern that's identical.

3 to 12, and that equals 15, 12 plus 3 equals 15.

6 plus 9 equals 15.

That balances out the Keys between 3 and 12, going back over to 0 and 15, 0 plus 15 is 15.

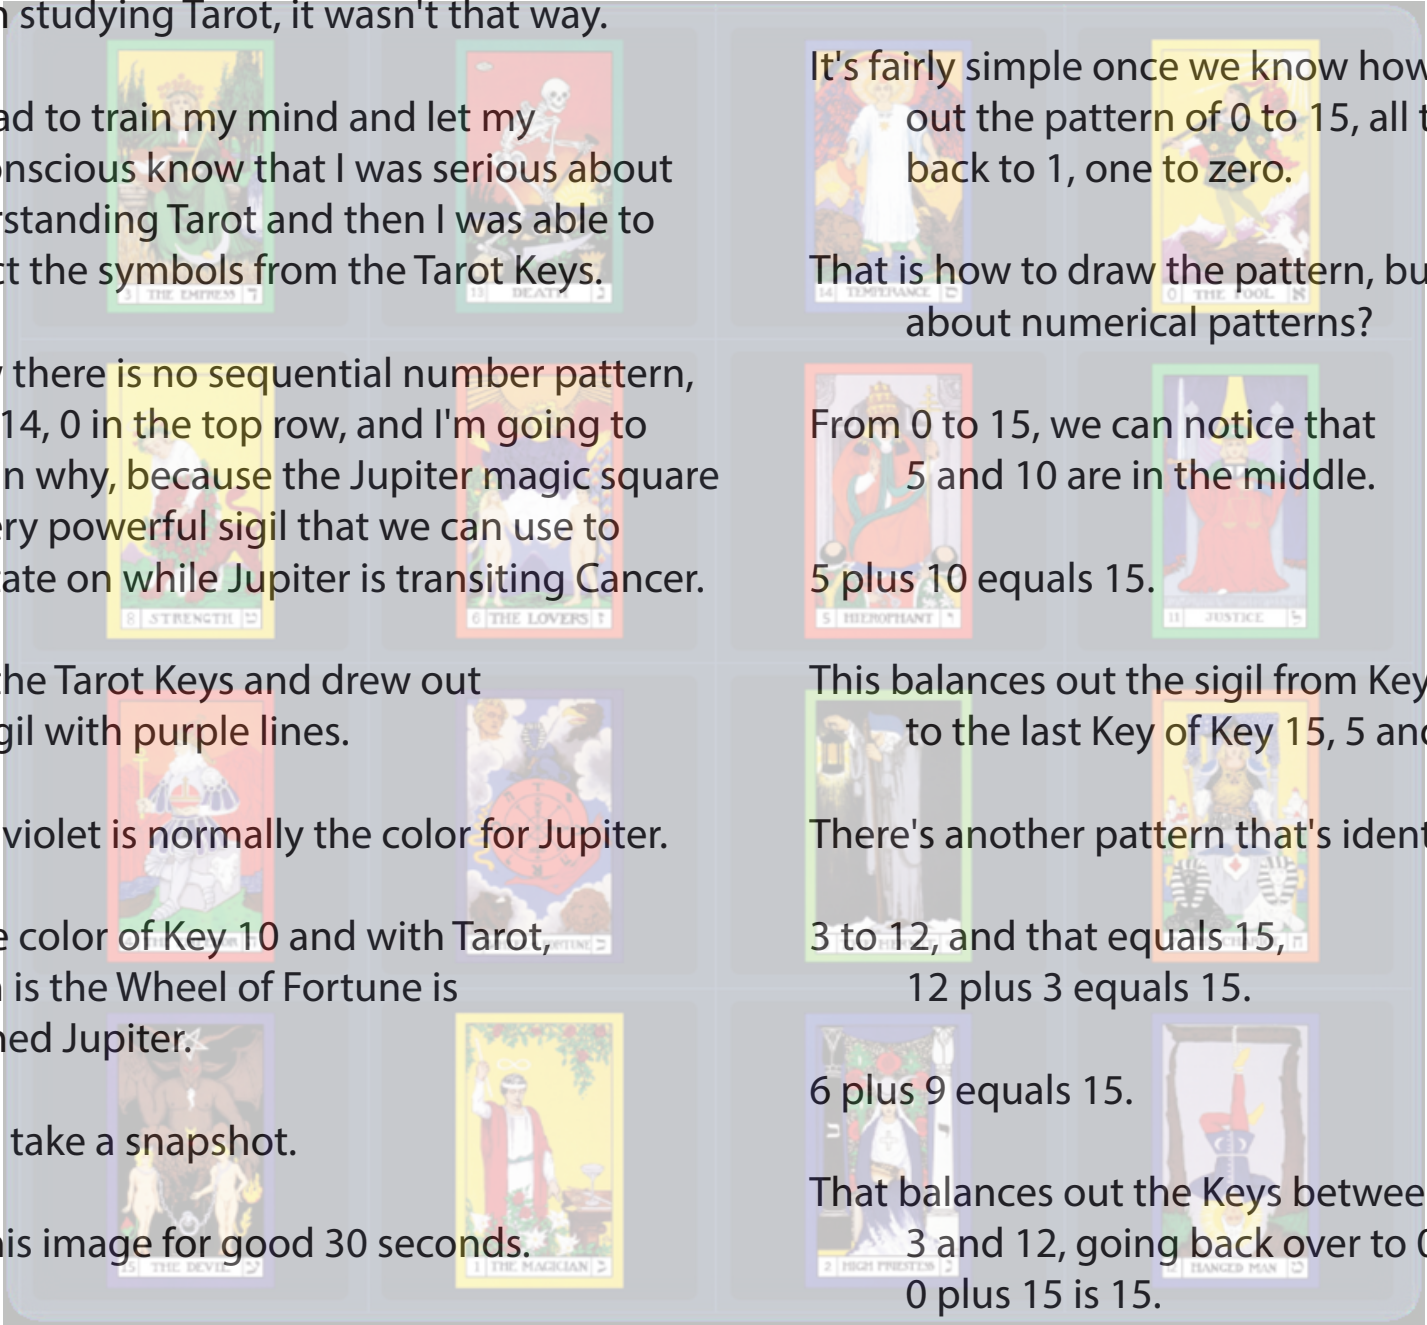

10 plus 5 is 15.

This balances out the four corners.

There is also another summation of 15.

We can take 8 plus 7 equals 15
11 plus 4 equals 15.

We also have 1 plus 14 equals 15
and 13 plus 2 equals 15.

There is a constant total of 15 with this pattern.

Once we are able to identify that,
then this will unfold within us,
within our subconsciousness.

Our subconscious knows that this pattern is
for the Jupiter vibration.

This is called the Jupiter Magic Square.

I redesigned the image with the Hebrew letters,
Aleph is assigned to Key 0,
Key 14 is assigned Samehk,
so this is just another impression
for our subconsciousness to look at.

All of this is within the Cosmic Repository App.

When you enter the app, just go find
the Jupiter Magic Square article and
you will be able to read all of this
because it gets really deep.

I could spend 30 minutes on the meanings, but I
primarily just wanted to show the sigil.

I typed all of this and is available to read.

At the bottom of the meaning within the sigil,
because this is good to read slowly.

We are suggesting to our subconsciousness the
response that we want, the Jupiter response.

There is also meditations.

This is really good practice and very simple.

The top row, Key 0, Key 14, Key 13 and Key 3,
they are right here, Key 0, Key 14,
Key 13, Key 3.

Really take of a moment, clear our mind and repeat
the meditation we wake up in the morning,
before we go to sleep, lunch time,
whatever works for us.

This is good practice and a powerful
suggestion for our subconsciousness.

Second day meditation, third day meditation,
it is going down the row.

First day is the top row,
second day, third day,
and we will begin from right to left.

Fourth day, Hanged Man, High Priestess,
The Magician and The Devil.

Hanged Man, High Priestess, The Magician,
The Devil.

Fourth row, fourth day meditation,
but here we have two additional days,
fifth day meditation and
sixth day meditation.

Remember we were able to get the sum
total of 15 diagonally, right?

Fifth day meditation, sixth day meditation,
and I stopped at the sixth day but
we could even go out to 4 more days
and just make it a 10 day meditation
if we wanted to, but this is the
the sigil for Jupiter.

Let us take advantage of the influence coming
in right now with Jupiter being exalted.

Thank you very much.

I will do another video, probably on
the transit of Neptune and Saturn,
slow moving placements right now
within Aries, which is very powerful.
